

SKD-82B

Server Keyboard Drawer

SKD-82B

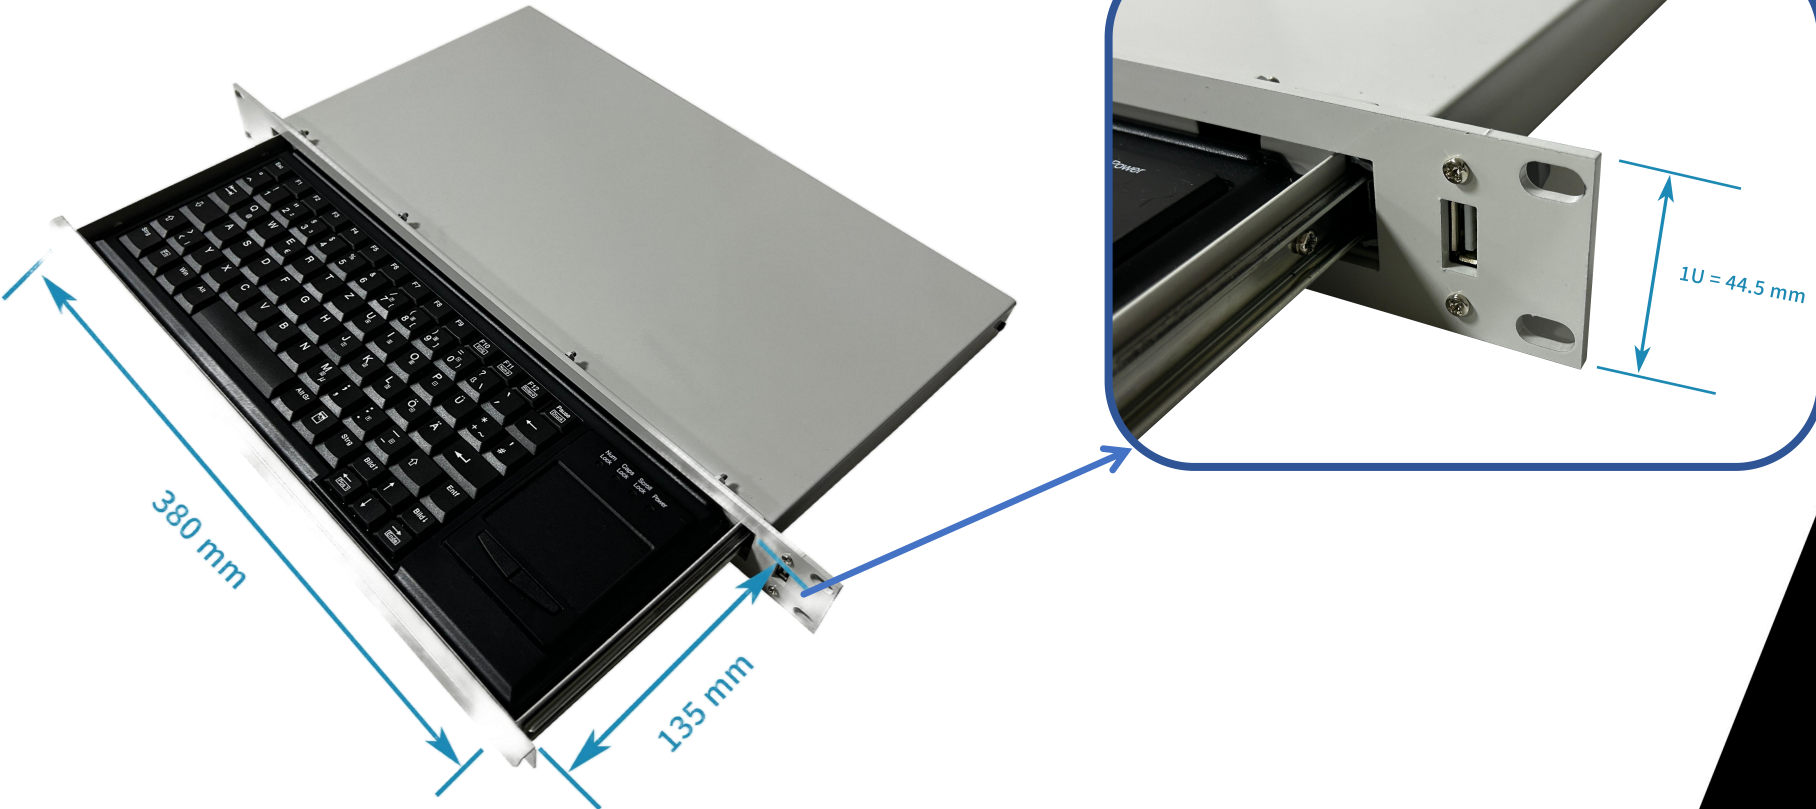

Server Keyboard Drawer

Main Features

- It features a drawer-style (retractable) design, allowing it to be pushed into the rack and hidden when not in use, and pulled out when needed
- Instead of the traditional "keyboard + mouse" combination, built-in touchpad save cabinet space
- Compact notebook keyboard type layout
- Good tactile key feeling with the notebook type scissor key
- Laser-engraved keycap legends [beige color] or High quality silk screen keycap legends with UV coating [black color]
- With internal metal plate to enhance the protection against ESD
- Interface: USB or PS/2.
- Support multi-country layouts
- Can be equipped with SMD-185A (6U high) to form a complete display and keyboard console

Application

- The Server Keyboard Drawer is a desk/workstation accessory that offers a convenient, ergonomic way to store and easily access or slide away a keyboard and mouse when in use or not.
